BRIEF ABSTRACT OF LETTER.

Requests sanction to the increase of the permanent advance of his office from Rs 100

NOTES AND ORDERS.

A permanent advance of was sanctioned to the I.G.'s office 1876. G.O. no. 7C 4912-3 D/30.3.08 gave I.G. to understand that if he thi that the practice of making short

advances out of office moneys could be avoided only by having a large permanent advance, it was open to him to make a separate reference in the matter. The D.I. has accordingly applied for the increase of the permanent advance from Rs 100 to Rs 500. It is stated that during the last three years the advances made by his office average about Rs 1000 a year. Br II may, perhaps, be consulted. Subd. for orders.

B.S. 30.5.08. SN 30/5/08 2 The question for consideration is whether the advances towards which the D.I.P prefers to increase the permanent advance are such as are allowable under clause 20 of art 77. Ch. VI. I. Many of the items in the list appear to be irregular under this rule. Please carefully examine this list and please work out the approximate amount that may be required to meet the pay &c of Mounted Police men sent out on temporary duty.

3 The advances made on special occasions have been included in the list. They do not seem, however, to have been made out of office moneys inasmuch as special advances are generally sanctioned for such occasions eg. Dasara, visit of distinguished guests, &c. There are no data for working out the approximate amount that may be required for ry. fare of men sent out on emergent duty.

4 According to Clause 1, Article 77 of the Civil Account Code it seems that such application should be sent to Govt. through the Comptroller.

He adds that when Government had offered in their No 2412 X 51-84/R3538 D/the 19th June 1895, to increase the advance of Heads of Depts to Rs 300, the I.G. of Police was one of those who did not avail himself of the concession, apparently because he did not find it necessary to utilize the advance.-

NOTE.

15 In this office No: 7174/719 dated 20-5-08 Government was requested to raise the permanent advance of this office from Rs.100/- to Rs.500/-.

16 2. The Comptroller, who was consulted by Government, in the matter, states, that it is sufficient if it is raised by Rs.50/- bringing it up to Rs.150/-. He bases his opinion on the ground, that the permanent advance will quite suffice if the office contingent bills are drawn thrice a month, instead of once a month as is being done now. He adds, that the fact that the Inspector General did not avail himself of Government Order No: 24251/84/R.3538 dated 19-6-1895 sanctioning the enhancement of the permanent advance of all Heads of Departments to Rs.300/- further supports his view.

17 3. The enhanced permanent advance is chiefly required not to meet any increased expenditure in contingencies, but to meet the other emergent calls peculiar to this Department, such as the despatching of the Special Reserve and other Police bodies to different places and financing the Police Officers and men engaged in detective work in and out of the Province, away from head quarters. The amounts so advanced will have to be recouped not from the contingent bills nor from the pay bills of the incumbents, but from their travelling allowance bills, which as is shewn below, will, with all promptitude all over, take at least 3 months.

18 4. Not to mention other minor expeditions, thrice, during the year and sometimes oftener, large batches from the Special Reserve have to go to Mysore for the Birth day and Dasara festivities and other important occasions. Once a year they have to go to Viswanathapur and other Military camps of exercise. On such occasions these will have to

be out for more than a month. To get detailed information regarding halts &c for preparing the travelling allowance bills - taking it that the details are furnished expeditiously - it will take at least a month; and another month will be necessary for these bills being returned audited. Thus it will take at least 3 months for the advances to be recouped. In case of officers sent on detective duty it may take longer.

19 5. The enclosed statement furnishes the details of advances made in each month for the last 5 years. Every year is divided into 4 quarters to show the amount of advances made in that quarter. Of the 20 such terms, during only one did it amount to Rs.45/- ~~55~~/- while in the others it ranged from Rs.780/- to 113/- Further it will be seen, that the demands on the services of the Special Reserve are on the increase. To the amounts advanced on this account, has to be added every month the contingent charges which on an average amount to Rs.75/- or Rs.30/- if drawn thrice a month as suggested by the Comptroller. It will thus be seen that the permanent advance of my office should not be less than the highest amount of advance made in any quarter which was Rs.780/- during the quarter commencing with October 1908. But this heavy advance is due to a large body of the Special Reserve, and men from the Police Training School, Bangalore, having been sent to Kadur on special duty in connection with the capture of a criminal gang. Under the Circumstances I would content myself with a permanent advance of Rs.500/- which is absolutely necessary.

20 6. It is evident that so far back as 1895 Government was convinced of the necessity for the enhancement of the permanent advance of the Heads of Departments, and accordingly raised it from Rs.100/- to 300/-. This order, was not availed of, as other money, such as the sale proceeds of clothing &c was available and this is being made use of to meet the urgent demands. The Comptroller has more than once pointed out that this procedure is irregular and Government have ordered the discontinuance of this practice and to give effect to this, I find that a permanent advance of Rs.500/- is absolutely necessary.

Serial No.

This irregularity was pointed out by the Auditor in the course of the audit of the D-G's office and in commenting upon this report Govern-
ment observed that the procedure followed was irregular and that if the D. G. of Police wanted a larger
permanent advance than what had been allowed to him, he might make a separate reference about it. The D-G, has accordingly done so.

The proposal was subject to scrutiny by the Comptroller who is of opinion that the present advance (viz Rs 100/-) may be raised by Rs 50/-, as against the D-G's proposal to raise it to Rs 500/-. In support of his views, the Comptroller observes that the ordinary contingent charges of the D-G's office come to only Rs 67/- a month (barring house rent which is drawn before it is paid) and that if these amounts are drawn from the Treasury more often than now, a sufficient balance would be left for the miscellaneous charges [illegible] to the D-G. As however

Serial No.

these latter charges are recouped not on Contingent bills but on T. A. bills only once a month, the Comptroller is prepared to recommend an increase of Rs 50/- only to the present advance.

2nd The Comptroller also points out that the D. G. of Police failed to utilise the increase to the permanent advance, though the same was sanctioned (up to Rs 300/-) So far back as 1895. (G. O. No 24251-84/R 3538 dated 19th June 1895).

3rd The D. G. of Police was invited to give his opinion on the above remarks. In doing so he says that the increase sanctioned in 1895 was not utilised because of the irregular procedure followed in utilising office receipts towards necessary Expenditure and that Consequently it is wrong to presume that there was no necessity for the increase. The D. G. has also furnished statistics showing that the advances made to the Special Reserve and other Offices

Serial No.

and men during the past 5 years have always been much higher than the funds at his disposal (except in one quarter) - and that in one quarter it was so much as Rs 780/-. In view however of the special circumstances of this last instance, the D.G says that he would be content with an advance of Rs 500/-.

3. It will be observed that the Comptroller admits the necessity for some increase at least. He bases this on the ground that the T.A. bills are cashed only once a month and not often but I doubt very much whether they are even cashed so promptly as the D.G remarks, three months is about the least period within which recoupment from T.A. bills can even be expected. It follows as a necessary consequence that the advance must be sufficient to meet the expenditure likely to be incurred in any three months and looking at the figures furnished by the D.G. Rs 500/- can hardly be said to be an excessive claim.

Serial No.

In Commenting on the D. G's proposals it is remarked by the Financial Assistant Secretary that it would have been "more useful if the D.G. of Police had given particulars of the purposes for which the advances" are required. This information has already been furnished by the D. G. (See paras 3 & 4 of this note). It is only necessary to add that article 77 of the C. A. C. authorises Expenditure out of the permanent advance for the purposes mentioned by the D. G. (See note 2).

3. If, as proposed by the D. G. Rs 500/- is sanctioned, he will have over Rs 1500/- at his disposal for other than Contingent Charges, for three months. In other words he will have about Rs 130/- for each month and as Contingent charges can be promptly recouped, we may assume that about Rs 150/- will always be available for Emergent Expenditure. This amount is considerably less than what has has actually been incurred in particular periods. —

Serial No.

8 Showed, however, Government be of opinion that Rs 5-00- is too high an amount, Rs 4-00- may at least be sanctioned. G.O. of 1895 quoted above has already sanctioned Rs 300- for Head Quarter Office.

33 Submitted to 2nd Council 6th Jan. 09. SA

34 The I-G has given cogent reasons for increasing the permanent advance to Rs 500/. Special reserve Constables have to be despatched at a moment's notice to capture dacoits, to quell riots - and wherever they have to be sent to Mysore for Birthday & Dasara work the permanent advance may under the circs be increased to Rs 500/. Hitherto the advances used to be made from the sums credited under the head Police receipts - an irregular procedure which has been put a stop to

I agree that the amount should be increased to 500 Rs

Para 1 of Government Proceedings No. Fl. 4912-3/Gl.Fin 303-07-2 dated 30th March 1908 regarding the increase of Permanent advance of this office, if necessary.

I have the honour to state that a sum of Rs: 100/- is allowed as permanent advance to my office. This small amount, I need hardly add, is not at all sufficient to meet the expenditure under the heads contingencies and advances. The Special Reserve Police have to be sent in detachments at a moment's notice to all Districts in the Province. Advances to these men in the shape of trainage and subsistence allowance have to be given in large sums. Besides these items, Police officers and men deputed on detective work outside their Districts, and, many a time outside the Province, have to be placed in funds to enable them to undertake long journeys and do their duty with despatch. The enclosed statement gives an idea of the nature and amount of the advances. They average about Rs: 1000/- and more a year during the last 3 years. I consider that an advance of Rs: 500/- will not be too large a sum for the various kinds of expenditure as shown in the list, and therefore request that you will be so good as to obtain the sanction of Government for

the increase of the Permanent advance of my office from Rs: 100/- to Rs: 500/-.

I have the honour to be,

SIR,

I have the honour to forward herewith under note 1 to Article 77 of the Civil Account Code an application for increase of permanen advance from the Inspector General of Police (Letter No.7174/719 dat the 20th May 1908). The Inspector General now holds a permanent advance of Rs.100 which he asks may be raised to Rs.500.

I have carefully analyzed the contingent expenditure of the ... office of the Inspector General and find that the permanent advance held by him is in excess of actual requirements. The annual contingent expenditure is Rs.1,760. Deducting therefrom Rs.960 on account of rent for office buildings, the bills for which are sent to this ... office for preaudit and drawn from the Treasury before they are paid, the net amount is Rs.800 or Rs.67 a month. The portion of the permanent advance utilized for district charges is very small. If the contingent bills of the Inspector General now drawn once a month (after preaudit in this office) are drawn oftener, say thrice a month a permanent advance of Rs.20 or 25 would be quite sufficient. The balance may be utilized for making advances to the detachments of special

be quite inadequate. To meet
the difficulty the office of the Inspector General had
recourse to an irregular
procedure, viz, of utilising
items of departmental receipts
instead of crediting them to
the Treasury. This irregularity
was brought to the notice of
the I.G. by the Comptroller and
the former has now ruled.
a recommendation to Govt.
that the permanent advance
now held by him may be
raised to Rs.500.

2. The Comptroller who
was consulted in the matter
is of opinion that the advance
now sanctioned is in
excess of the actual requirements
but in consideration of the
fact that some of the advances
could be recouped on travelling
allowance bills which are
drawn only once a month he
can recommend that the

amount now held may be increased by Rs 50.

Govt. are, however, unable to agree with the Comptroller. They are satisfied that the amount now held by the D. G. is quite inadequate to meet the sudden and urgent demands made on it on occasions such as the despatch of the Special Reserve men to capture dacoits and other criminal gangs, to the various military camps of exercise within the State and to the Capital on ceremonial occasions such as the Birthday and Dasara festivities. The irregular procedure followed in the D. G.'s office till now of utilising departmental receipts clearly establishes the necessity for the increase Govt. note that so far back as 1895 the perm

advance for all HQ. Qr. Offs
was raised to Rs 300. This
additional grant was no
utilised by the office of the
D.G. of Police, not because
there was no necessity for
it (as argued by the Comptroller)
but on account of the
faulty and irregular
procedure adopted by the D.G.'s
office of utilising the receipts
for immediate expenditure.
Govt. are satisfied of the
the necessity for the increase
asked for by the D.G. and
are pleased to direct that
the permanent advance
now held by him be raised
to Rs 500.
